Dear Mr. Williams:

Subject: UPDES Permit UT0021440, Magna Water and Sewer District

Enclosed is UPDES permit No.UT0021440 for your facility. Copies of EPA form 3320-1 Discharge Monitoring Report (DMR) forms, for reporting and self-monitoring requirements, as specified in the permit, will be sent as soon as printed. This permit will become effective on June 1, 2014, subject to the right of appeal in accordance with the provisions of *Utah Administrative Code*, Section R317-9.

As the State agency charged with the administration of issuing UPDES Permits, we are continuously looking for ways to improve our quality of service to you. In an effort to improve the State UPDES permitting process we are asking for your input. Since our customer permittee base is limited, your input is important. Please take a few moments to complete an online survey (Go to [www.waterquality.utah.gov](http://www.waterquality.utah.gov) and click on the "Give Feedback to DWQ button on the left side of page.) The results will be used to improve our quality and responsiveness to our permittees and give us feedback on customer satisfaction. We will address the issues you have identified on an ongoing basis.

If you have any questions with regard to this matter, please contact Matthew Garn at [mgarn@utah.gov](mailto:mgarn@utah.gov) or at 801.536.4381.

Sincerely,

John Kennington, P.E., Manager  
UPDES Engineering Section
